

Bovesfield Primary School

Art and design curriculum vision

At Bovesfield Primary we value children's individuality and celebrate the diversity within our school.

We promote this using art and design so that children can express thoughts and feelings in a variety of ways, using their senses. Our aim is to teach all children the skills and techniques so that they can explore and express themselves in a range of creative forms. We encourage children to experiment with a variety of materials and tools and give them the freedom to edit and improve their art work.

To support teaching and learning in art and design, we use 'Art and Design in Suffolk' as a scheme from Y1-Y6. Children study units of work based on the media of drawing, painting, printmaking, collage, textiles and 3D work. As part of each unit, they study the work of artists and the techniques used by them, applying these ideas and skills to create their own art.
